

Robert Spooner

Edge of Expansion

Robert Spooner is one of our most successful artists, and his popularity continues to climb. You will be captivated by the diversity of his work. He executes figurative, landscape, and still life paintings with the same skill and delicacy that he demonstrates in his urban construction pieces. This is the time to begin or continue to collect Spooner work! This exhibition features more than two dozen paintings that recount Spooner's remarkable journey into new spheres of expression, and reveal the unexpected worlds that lie beneath the familiar.

Showing Through August 29, 2015

Evergreen Fine Art Gallery is proud to host Nature's Educators, a non-profit organization that houses and trains injured raptors and reptiles that have been rehabilitated but, because of their injuries, cannot be returned to the wild. We are having a wildlife show here at the gallery showcasing 20 live raptors and a couple of docile reptiles such as a tortoise and a lizard for kids to touch. The evening includes a wine tasting sponsored by Talon Winery of Palisade, CO. and a silent auction of paintings and sculptures created live at the event by Gallery Artists.

Saturday, August 22, 2015

2:00 – 3:00 for family time with kids
3:00 – 6:00 for adults (21+) & wine tasting

This fundraising show is a wonderful educational event for the whole family.
